Education

University of Madras (Distance Education), Chennai, Tamil Nadu

Post Graduate (PG) 2025 - Pursuing

Master of Computer Applications

CGPA: **Pursuing**

Arunachala Arts And Science (Women) College, Kanyakumari, Tamil Nadu

Under Graduate (UG) 2022-2025

BSc. Computer Science

CGPA: **8.62**

EVANS Matriculation Higher Secondary School, Nagercoil
Higher Secondary (HSC) 2021-2022
Percentage – **64.6%**

EVANS Matriculation Higher Secondary School, Nagercoil
Secondary School (SSLC) 2019-2020
Percentage – **84%**

Projects

Rangero — SDS Management Platform | React, TypeScript, Tailwind CSS, JavaScript, REST API

Worked on both the Admin Dashboard and Customer Website for the Rangero SDS management platform. Built responsive, reusable UI components and integrated REST APIs to deliver a seamless user experience. Implemented admin modules for managing Safety Data Sheets (SDS), users, content, and platform operations. Optimized application performance, responsiveness, and accessibility across desktop and mobile devices.

emHealth — HEALTHCARE BACKOFFICE PORTAL | React, HTML, CSS, JavaScript

Built a back-office healthcare portal to efficiently manage and optimize lab appointment workflows. Implemented real-time tracking and analytics to monitor appointments and improve operational decision-making. Designed a streamlined, responsive interface that enhances productivity and simplifies daily lab management tasks.

MEDAPTO – HEALTHCARE NEWS AGGREGATES | React, HTML, CSS, JavaScript

Built a platform that aggregates verified medical news from trusted councils, government health departments, and recognized medical journals. Developed summarized news cards for quick reading and added source links for full verification. Designed a clean, responsive UI for medical students and healthcare professionals.

MINI FRONTEND PROJECTS | HTML, CSS

I created frontend projects to enhance my knowledge in Frontend using the HTML and CSS to create a Single Page CV, Basic HTML Website, **Personal Portfolio, Changelog Component, Testimonial Cards, Date picker UI, Accessible From UI, Image Grid Layout and Tool Tip** projects which had help me to improve myself to create a dynamic webpage.

ELECTRO NET SHOP | HTML, CSS

This project involves designing and developing a fully functional e-commerce website using HTML, CSS . The website design aims to provide a user-friendly platform for customers to browse and purchase products online.

Certificates

Workshops:

- Participated in **UI UX** Workshop organized by Alo Info Tech– 2025 [\[View Credentials\]](#)
- Participated in **Web Development (JAVA)** Workshop organized by G Tech – 2025 [\[View Credentials\]](#)

Courses Completed:

- Completed **Web Development** on **Simplilearn** – 2025 [\[View Credentials\]](#)
- Completed **Introduction to HTML** on **Simplilearn** – 2025 [\[View Credentials\]](#)
- Completed **Oracle** on **Oracle Cloud Infrastructure** – 2025 [\[View Credentials\]](#)
- Completed **Oracle** on **Arunachala Arts and Science (Women) College** – 2024 [\[View Credentials\]](#)
